CURRENCY

The official currency of Zimbabwe today is the RTGS Dollar (ZWL), but due to persistent inflation, several foreign currencies act as the de-facto legal tender in the country.

As of October 21, 2022, \$1 USD is equal to roughly 630 Zimbabwean Dollars although the exchange rate is subject to large fluctuations and volatility.

Harare offers a good network of banking and foreign exchange services, including ATMs located in the Robert Gabriel Mugabe International Airport, at Meikles Hotel and surrounding banks to the venue. Credit cards are wildly accepted at hotels and supermarkets.

WEATHER

The month of October in Harare experiences very rapidly increasing cloud cover, with the percentage of time that the sky is overcast or mostly cloudy increasing from 13% to 33%.

Daily high temperatures are around 82°F, rarely falling below 75°F or exceeding 89°F.

Daily low temperatures increase by 3°F, from 58°F to 61°F, rarely falling below 53°F or exceeding 66°F.

It is expected to rain on Tuesday, October 25, 2022. Should you wish to go out of the hotel on that day, we advise you to take an umbrella or a raincoat with you.

MOBILE PHONES

Participants are encouraged to come to Harare with dual-band or tri-band mobile phones. They can buy a SIM card with pre-charged airtime upon arrival at the airport or their hotels.

ELECTRICITY

Zimbabwe's electrical current is 220 volts, and the standard frequency is 50 Hz. The power plugs and sockets are of type D and G. We advise participants to carry a converter and/or adapter (two small round pins), should they need it.

The crime index in the city is quite high, ranging from medium to high. Street crimes, including mugging, purse-snatching, and pickpocketing are common in the capital city and in secondary cities. Most crimes are related to the theft of things, car theft, vandalism. Also, the city has a very high level of bribery. Mugging, pickpocketing, and jewelry theft are common in city centers, especially in the evening. Street lighting can be poor.
